QUESTIONS AND ANSWERS

Q1.) Can DOTD extend the closing date for the advertisement?

A1.) No extension will be granted at this time.

Q2.) Can DOTD provide the estimated percentages of work for each task related to the overall project?

A2.) Currently, the Prime and Sub Consultants will be graded based on the projected percentages of work shown in the 24-102 using only the environmental (EV) past performance rating. Percentages have not been established for each sub-task. However, based on further review of the scope of work and on the findings/comments we expect to receive at the pre-submittal meeting, the past performance grading will change to include at least the Traffic Engineering rating via addendum. Percentages will be provided in the addendum for grading purposes only.
